WORMING

ROUND/HOOK/TAPE WORM ETC

YOUR PUPPY SHOULD BE WORMED WITH AN ALL WORMER EVERY 3 MONTHS (DRONTAL OR MILBAMAX IS GOOD).

YOUR PUPPY WAS WORMED AT 8 WEEKS AND SHOULD BE WORMED AGAIN AT 12 WEEKS

WORM YOUR PUPPY AGAIN IN 4 WEEKS AND THEN AGAIN EVERY MONTH UNTIL YOUR PUPPY IS 6 MONTHS OLD. THEN WORM YOUR PUPPY EVERY THREE MONTHS THEREAFTER.

TO MAKE IT EASY TO REMEMBER WE WORM OURS ON THE 1ST OF THE APPROPRIATE MONTH.

HEART WORM

YOU WILL NEED TO WORM YOUR PUPPY FOR HEARTWORM EVERY MONTH (IN MOST STATES). OR SOME VETS CAN DO YEARLY INJECTION, YOU SHOULD GIVE YOUR PUPPY A HEARTWORM TABLET IN ABOUT 1 MONTHS TIME AND THEN EVERY MONTH THEREAFTER UNLESS YOU GET A YEARY INJECTION FROM YOUR VET.

TO MAKE IT EASY TO REMEMBER WE WORM OURS ON THE 2^N OF THE APPROPRIATE MONTH.

WE TEND TO USE A TOPICAL LIKE FRONTLINE FOR FLEAS AND TICK TREATMENT AND NOT ONE ONE YOU FEED AS WE HAVE HAD DOGS GET SICK WITH NEXGUARD, ANOTHER OPTION IS TO USE ADVOCATE THIS IS A MONTHLY TREATMENT FOR WORMS FLEAS AND HEARTWORM.
